

# BLY-RAIL HOME VIDEO *FLEA MARKET!*

Welcome to the *Bly-Rail Home Video Flea Market* page! We are now offering new and used (mostly used) railroad-related items and some non-rail items. All sales are final. Please see below for the latest items available. All prices include postage and handling. The *Flea Market* page will only be updated twice per month so it is important to read the “How to Order Section” to see what items are still available and any new items that have been posted. Thank you!

## ITEMS POSTED FOR MARCH/APRIL, 2010

Authentic Amtrak “desk top stand-alone” picture frame (measures approx. 8 x 10 inches). This was apparently used on-board Amtrak Trains as a “Service Guarantee Certificate,” to ensure great service. Condition is very good! Procured this from a travel agency that went out of business. This is a very unique, nice and colorful piece! Price: \$10.

This is a distinctive and unique polo shirt that we have used as promotions. However, we will now offer these quality shirts (Port and Company) for much less than we had originally offered. They are quality Port and Company/100% cotton and embroidered polo shirts. Supplies are limited with only 5 large and 5 medium shirts left. Price: \$8.50.

This is a brand-new official Lionel Santa Fe (replica) Pocket Watch right out of the box! Battery is still good. Includes watch, metal case, certificate of authenticity and instructions. Excellent condition! **Price: \$25.**
